Owner to provide copy of registration papers showing at least two generations of blood lines.

- **Breeding Contract**

Owner of female (bitch), for purposes of this contract is to be referred to as simply "owner".

Wisearchers agrees to provide breeding services by the requested male for a fee to be agreed upon between Wisearchers and owner. At no time will Wisearchers agree to a merle to merle breeding.

Owner agrees to deliver the female at approximately 11 days into her heat cycle. She will be bred at least three times, one day separating each breeding. If the female cannot be left for the necessary number of breedings, Wisearchers does not guarantee a litter, and will not return the breeding fee should a litter not result. It is the owners responsibility to time the breeding appropriately, and leave the dog for the necessary amount of time.

Should the recommended breedings occur, and no litter result, the owner may re-breed at their convenience. Should two breedings take place with no resulting litters, Wisearchers will return the stud fee.

Owner will provide necessary food for the dog while she is boarded at wisearchers.

Stud fees are due at the time of breeding, payable by cash, cashiers check or paypal. Wisearchers reserves the right to choose either the stud fee, or pick of the litter.

Wisearchers will provide the owner with the necessary litter registration paperwork. Payment of litter registration fee is the responsibility of the owner. Owner agrees to sell all puppies spay/neuter unless prior agreement is made with Wisearchers. Wisearchers will hold the puppy registration papers until the new purchaser provides evidence of spay/neuter of the puppy.

Wisearchers is to be held harmless for any injury to or loss of a dog brought for breeding. All reasonable precautions will be taken for the health and safety of the female, however Wisearchers will not be financially liable for the value of any dog brought for breeding.
